Lobotomy Market started as a small workshop founded by a group of loyal stumps who sought to improve the efficiency and quality of life for their fellow workers. Through relentless innovation and a commitment to providing essential supplies to the stump community, Lobotomy Market has grown into the leading supplier of specialized ingredients and tools for the warehouse and fulfillment industry.

**Glycine (Donghua Jinlong Brand)**

Glycine, the simplest amino acid, is a versatile material used in various industries due to its unique properties. It is commonly utilized as a buffering agent in biochemical research and as a component in pharmaceutical formulations.

**Amphetamine**

Heighten Stump productivity. Consume to generate Sweat and Blood Clots for further processing!
