Western vs Eastern ethics on technology

"I think therefore I am" (Descarte)

Man separate from nature

Technics as tool to re shape nature to suit the needs of man

Technology is progress

Technics as part of natural order (non-duality)

'Little me' within the context of the 'Big me' (family, state, the world) and part of Nature

Fundamental ethical principle to be aligned with the Dao

Technology to keep us aligned with the cosmos-cosmotechnology (and mutual constitution of dao and qi 道器相生)--a holistic view on technology, human, nature, and the Way.
