

LUNARPUNK ENDGAME

The background is a dense, dark forest scene. It features various types of trees and foliage, with some glowing blue crystals or light particles scattered throughout. A bright, glowing light source, resembling a star or a distant sun, is visible in the center-left, casting a warm glow and creating a lens flare effect.

utopian anonymity

- 1 define lunarpunk by example**
- 2 clear up misunderstandings**
- 3 create an image of the future**

We seem to have lost. We have not lost. To refuse to fight would have been to lose; to fight is to win. We have kept faith with the past, and handed on a tradition to the future.
